Sample Sale Transaction where amount tendered is a mix of native and foreign currencies

Below is a sample transaction in which a 1 **USD** bill, 100 **MXN** bill, 5 **EUR**, and 5 **GBP** bill are inputted. The bills are registered on the customer-facing screen (right) but all foreign currency is converted to **USD** via the real-time forex rate. The sum of inputted native currency and converted foreign bills totals **18.22 USD**.
